Flight History

CFI since 1998, flew for Era Aviation in the Gulf of Mexico 2001 - 2003, now part time for Paradise Helicopters flying tours and working full time as Owner of Mauna Loa Helicopters

“We have been really happy with our FLYIT Simulator.”

It has integrated well into our IFR training and been a huge benefit to our customers. In two years of owning the simulator, and over 1000 hrs logged we have been extremely pleased with the technical support and responsive staff of Flyit.

In addition to the VFR and IFR training for our initial students we have been using the simulator to offer recurrent training for our companies here in Hawaii.

Aloha,

Ben Fouts

President

Mauna Loa Helicopters
