**Debbie Sparks joined the Palm Beach Helicopter team in October 2002. As an avid aviation and automotive enthusiast, Debbie enjoys the atmosphere of the training academy assisting with customer and pilot services.**

**“At Palm Beach Helicopters,  
we use the FLYIT simulator  
for everything.”**

“The FLYIT Professional Helicopter Simulator is a large part of our continued success because we know how to exploit its many strengths. At PBH our simulator is used in training over 80 hours per month.

We also use our simulator in marketing, advertising and at various community events. The positive P.R. benefit with our local community is a nice bonus.

**The FLYIT simulator is more than  
just a training aid. Our simulator  
helps me to grow my business.”**
